

RIVERFEST 2011

Inclement Weather Contingency Plan

If inclement weather or rain is expected during any of the scheduled events, the City Manager & a Riverfest Committee Co-Chairperson will confer and make the decision to initiate this plan. Once the decision has been made, the following changes will be initiated.

Original Event Schedule

If it RAINS:

If there is forecast predicting a greater than 50% chance for rain on Friday afternoon or anytime on Saturday, the Main Stage events will move to the Fire Hall. This decision will be made by 1 pm on Friday. Committee Members will meet at CITY HALL @ 1pm on Friday to receive their instructions. If the Main Stage is set up for outdoor events and rain then occurs, events will either be delayed or cancelled.

Updates will be listed on our website www.nanticokeriverfest.com
